Section 1 (16 U.S.C. 470)

(a) This Act may be cited as the "National Historic Preservation Act."

(b) The Congress finds and declares that-

- (1) the spirit and direction of the Nation are founded upon and reflected in its historic heritage;
- (2) the historical and cultural foundations of the Nation should be preserved as a living part of our community life and development in order to give a sense of orientation to the American people;
- (3) historic properties significant to the Nation's heritage are being lost or substantially altered, often inadvertently, with increasing frequency;
- (4) the preservation of this irreplaceable heritage is in the public interest so that its vital legacy of cultural, educational, aesthetic, inspirational, economic, and energy benefits will be maintained and enriched for future generations of Americans;
- (5) in the face of ever-increasing extensions of urban centers, highways, and residential, commercial, and industrial developments, the present governmental and nongovernmental historic preservation programs and activities are inadequate to insure future generations a genuine opportunity to appreciate and enjoy the rich heritage of our Nation;
- (6) the increased knowledge of our historic resources, the establishment of better means of identifying and administering them, and the encouragement of their preservation will improve the planning and execution of federal and federally assisted projects and will assist economic growth and development; and
- (7) although the major burdens of historic preservation have been borne and major efforts initiated by private agencies and individuals, and both should continue to play a vital role, it is nevertheless necessary and appropriate for the Federal Government to accelerate its historic preservation programs and activities, to give maximum encouragement to agencies and individuals undertaking preservation by private means, and to assist State and local governments and the National Trust for Historic Preservation in the United States to expand and accelerate their historic preservation programs and activities.

Section 2 (16 U.S.C. 470-1)

It shall be the policy of the Federal Government, in cooperation with other nations and in partnership with the States, local governments, Indian tribes, and private organizations and individuals to-

- (1) use measures, including financial and technical assistance, to foster conditions under which our modern society and our prehistoric and historic resources can exist in productive harmony and fulfill the social, economic, and other requirements of present and future generations;

(2) provide leadership in the preservation of the prehistoric and historic resources of the United States and of the international community of nations and in the administration of the national preservation program in partnership with States, Indian tribes, Native Hawaiians, and local governments;

(3) administer federally owned, administered, or controlled prehistoric and historic resources in a spirit of stewardship for the inspiration and benefit of present and future generations;

(4) contribute to the preservation of nonfederally owned prehistoric and historic resources and give maximum encouragement to organizations and individuals undertaking preservation by private means;

(5) encourage the public and private preservation and utilization of all usable elements of the Nation's historic built environment; and

(6) assist State and local governments, Indian tribes and Native Hawaiian organizations and the National Trust for Historic Preservation in the United States to expand and accelerate their historic preservation programs and activities.

TITLE I

Section 101 (16 U.S.C. 470a)

(a) (1) (A) The Secretary of the Interior is authorized to expand and maintain a National Register of Historic Places composed of districts, sites, buildings, structures, and objects significant in American history, architecture, archaeology, engineering, and culture.

(B) Properties meeting the criteria for National Historic Landmarks established pursuant to paragraph (2) shall be designated as "National Historic Landmarks" and included on the National Register, subject to the requirements of paragraph (6). All historic properties included on the National Register on the date of enactment of the National Historic Preservation Act Amendments of 1980 shall be deemed to be included on the National Register as of their initial listing for purposes of this Act. All historic properties listed in the Federal Register of February 6, 1979, as "National Historic Landmarks" or thereafter prior to the effective date of this Act are declared by Congress to be National historic Landmarks of national historic significance as of their initial listing as such in the Federal Register for purposes of this Act and the Act of August 21, 1935 (49 Stat.666); except that in cases of National Historic Landmark districts for which no boundaries have been established, boundaries must first be published in the Federal Register and submitted to the Committee on Energy and Natural Resources of the United States Senate and to the Committee on Interior and Insular Affairs of the United States House of Representatives.

(2) The Secretary in consultation with national historic and archaeological associations, shall establish or revise criteria for properties to be included on the National Register and criteria for National Historic Landmarks, and shall also promulgate or revise regulations as may be necessary for-

(A) nominating properties for inclusion in, and removal from, the National Register and the recommendation of properties by certified local governments;

(B) designating properties as National Historic Landmarks and removing such designation;

(C) considering appeals from such recommendations, nomination, removals, and designations (or any failure or refusal by a nominating authority to nominate or designate);

(D) nominating historic properties for inclusion in the World Heritage List in accordance with the terms of the Convention concerning the Protection of the World Cultural and Natural Heritage;

(E) making determinations of eligibility of properties for inclusion on the National Register; and

(F) notifying the owner of a property, and any appropriate local governments, and the general public when the property is being considered for inclusion on the National Register, for designation as a National Historic Landmark or for nomination to the World Heritage List.

Section 101(a), continued

(3) Subject to the requirements of paragraph (6), any State which is carrying out a program approved under subsection (b), shall nominate to the Secretary properties which meet the criteria promulgated under subsection (a) for inclusion on the National Register. Subject to paragraph (6), any property nominated under this paragraph or under section 110 (a) (2) shall be included on the National Register on the date forty-five days after receipt by the Secretary of the nomination and the necessary documentation, unless the Secretary disapproves such nomination within such forty-five day period or unless an appeal is filed under paragraph (5).

(4) Subject to the requirements of paragraph (6) the Secretary may accept a nomination directly from any person or local government for inclusion of a property on the National Register only if such property is located in a State where there is no program approved under subsection (b). The Secretary may include on the National Register any property for which such a nomination is made if he determines that such property is eligible in accordance with the regulations promulgated under paragraph (2). Such determinations shall be made within ninety days from the date of nomination unless the nomination is appealed under paragraph (5).

(5) Any person or local government may appeal to the Secretary a nomination of any historic property for inclusion on the National Register and may appeal to the Secretary the failure or refusal of a nominating authority to nominate a property in accordance with this subsection.

(6) The Secretary shall promulgate regulations requiring that before any property or district may be included on the National register or designated as a National Historic Landmark, the owner or owners of such property, or a majority of the owners of the properties within the district in the case of an historic district, shall be given the opportunity (including a reasonable period of time) to concur in, or object to, the nomination of the property or district for such inclusion or designation. If the owner or owners of any privately owned property, or a majority of the owners of such properties within the district in the case of an historic district, object to such inclusion or designation, such property shall not be included on the National Register or designated as a National Historic Landmark until such objection is withdrawn. The Secretary shall review the nomination of the property or district where any such objection has been made and shall determine whether or not the property or district is eligible for such inclusion or designation, and if the Secretary determines that such property or district is eligible for such inclusion or designation, he shall inform the Advisory Council on Historic Preservation, the appropriate State Historic Preservation Officer, the appropriate chief elected local official and the owner or owners of such property, of his determination. The regulations under this paragraph shall include provisions to carry out the purposes of this paragraph in the case of multiple ownership of a single property.

(7) The Secretary shall promulgate, or revise, regulations-

(A) ensuring that significant prehistoric and historic artifacts, and associated records, subject to section 110 of this Act, the Act of June 27, 1960 (16 U.S.C. 469c), and the Archaeological Resources Protection Act of 1979 (16 U.S.C. 470aa and

(C) certifying local governments, in accordance with subsection (c)(1) and for the allocation of funds pursuant to section 103 (c) of this Act.

(8) The Secretary shall, at least once every 4 years, in consultation with the Council and with State Historic Preservation Officers, review significant threats to properties included in, or eligible for inclusion on, the National Register, in order to-

(A) determine the kinds of properties that may be threatened;

(B) ascertain the causes of the threats; and

(C) develop and submit to the President and Congress recommendations for appropriate action.

(b) (1) The Secretary, in consultation with the National Conference of State Historic Preservation Officers and the National Trust for Historic Preservation, shall promulgate or revise regulations for State Historic Preservation Programs. Such regulations shall provide that a State program submitted to the Secretary under this section shall be approved by the Secretary if he determines that the program-

(A) provides for the designation and appointment by the Governor of a "State Historic Preservation Officer" to administer such program in accordance with paragraph (3) and for the employment or appointment by such officer of such professionally qualified staff as may be necessary for such purposes;

(B) provides for an adequate and qualified State historic preservation review board designated by the State Historic Preservation Officer unless otherwise provided for by State law; and

(C) provides for adequate public participation in the State Historic Preservation Program, including the process of recommending properties for nomination to the National Register.

(2) (A) Periodically, but not less than every 4 years after the approval of any State program under this subsection, the Secretary, in consultation with the Council on the appropriate provisions of this Act, and in cooperation with the State Historic

Preservation Officer, shall evaluate the program to determine whether it is consistent with this Act.

(B) If, at any time, the Secretary determines that a major aspect of a State program is not consistent with this Act, the Secretary shall disapprove the program and suspend in whole or in part any contracts or cooperative agreements with the State and the State Historic Preservation Officer under this Act, until the program is consistent with this Act, unless the Secretary determines that the program will be made consistent with this Act within a reasonable period of time.

(C) The Secretary, in consultation with State Historic Preservation Officers, shall establish oversight methods to ensure State program consistency and quality without imposing undue review burdens on State Historic Preservation Officers.

(D) At the discretion of the Secretary, a State system of fiscal audit and management may be substituted for comparable Federal systems so long as the State system-

(i) establishes and maintains substantially similar accountability standards; and

(ii) provides for independent professional peer review.

The Secretary may also conduct periodic fiscal audits of State programs approved under this section as needed and shall ensure that such programs meet applicable accountability standards.

(3) It shall be the responsibility of the State Historic Preservation Officer to administer the State Historic Preservation Program and to-

(A) in cooperation with Federal and State agencies, local governments, and private organizations and individuals, direct and conduct a comprehensive statewide survey of historic properties and maintain inventories of such properties;

(B) identify and nominate eligible properties to the National Register and otherwise administer applications for listing historic properties on the National Register;

(D) administer the State program of Federal assistance for historic preservation within the State;

(E) advise and assist, as appropriate, Federal and State agencies and local governments in carrying out their historic preservation responsibilities;

(F) cooperate with the Secretary, the Advisory Council on Historic Preservation, and other Federal and State agencies, local governments, and organizations and individuals to ensure that historic properties are taken into consideration at all levels of planning and development;

(H) cooperate with local governments in the development of local historic preservation programs and assist local governments in becoming certified pursuant to subsection (c);

(I) consult with the appropriate Federal agencies in accordance with this Act on-

(i) Federal undertakings that may affect historic properties; and

(ii) the content and sufficiency of any plans developed to protect, manage, or to reduce or mitigate harm to such properties; and

Section 101(b), continued

(J) advise and assist in the evaluation of proposals for rehabilitation projects that may qualify for Federal assistance.

(4) Any State may carry out all or any part of its responsibilities under this subsection by contract or cooperative agreement with any qualified nonprofit organization or educational institution.

(5) Any State historic preservation program in effect under prior authority of law may be treated as an approved program for purposes of this subsection until the earlier of-

(A) the date on which the Secretary approves a program submitted by the State under this subsection, or

(B) three years after the date of the enactment of the National Historic Preservation Act Amendments of 1992.

(6) (A) Subject to subparagraphs (C) and (D), the Secretary may enter into contracts or cooperative agreements with a State Historic Preservation Officer for any State authorizing such Officer to assist the Secretary in carrying out one or more of the following responsibilities within that State-

(i) Identification and preservation of historic properties.

(ii) Determination of the eligibility of properties for listing on the National Register.

(iii) Preparation of nominations for inclusion on the National Register.

(iv) Maintenance of historical and archaeological data bases.

(v) Evaluation of eligibility for Federal preservation incentives.

Nothing in this paragraph shall be construed to provide that any State Historic Preservation Officer or any other person other than the Secretary shall have the authority to maintain the National Register for properties in any State.

(B) The Secretary may enter into a contract or cooperative agreement under subparagraph (A) only if-

(i) the State Historic Preservation Officer has requested the additional responsibility;

(ii) the Secretary has approved the State historic preservation program pursuant to section 101(b)(1) and (2);

(iii) the State Historic Preservation Officer agrees to carry out the additional responsibility in a timely and efficient manner acceptable to the Secretary and the Secretary determines that such Officer is fully capable of carrying out such responsibility in such manner;

(iv) the State Historic Preservation Officer agrees to permit the Secretary to review and revise, as appropriate in the discretion of the Secretary, decisions made by the Officer pursuant to such contract or cooperative agreement; and

(v) the Secretary and the State Historic Preservation Officer agree on the terms of additional financial assistance to the State, if there is to be any, for the costs of carrying out such responsibility.

(C) For each significant program area under the Secretary's authority, the Secretary shall establish specific conditions and criteria essential for the assumption by State Historic Preservation Officers of the Secretary's duties in each such program.

Section 101(b), continued

(D) Nothing in this subsection shall have the effect of diminishing the preservation programs and activities of the National Park Service.

(c) (1) Any State program approved under this section shall provide a mechanism for the certification by the State Historic Preservation Officer of local governments to carry out the purposes of this Act and provide for the transfer, in accordance with section 103(c), of a portion of the grants received by the States under this Act, to such local governments. Any local government shall be certified to participate under the provisions of this section if the applicable State Historic Preservation Officer, and the Secretary, certifies that the local government-

(A) enforces appropriate State or local legislation for the designation and protection of historic properties;

(B) has established an adequate and qualified historic preservation review commission by State or local legislation;

(C) maintains a system for the survey and inventory of historic properties that furthers the purposes of subsection (b);

(D) provides for adequate public participation in the local historic preservation program, including the process of recommending properties for nomination to the National Register; and

(E) satisfactorily performs the responsibilities delegated to it under this Act.

Where there is no approved State program, a local government may be certified by the Secretary if he determines that such local government meets the requirements of subparagraphs (A) through (E); and in any such case the Secretary may make grants-in-aid to the local government for purposes of this section.

(2) (A) Before a property within the jurisdiction of the certified local government may be considered by the State to be nominated to the Secretary for inclusion on the National Register, the State Historic Preservation Officer shall notify the owner, the applicable chief local elected official, and the local historic preservation commission. The commission, after reasonable opportunity for public comment, shall prepare a report as to whether or not such property, in its opinion, meets the criteria of the National Register. Within sixty days of notice from the State Historic Preservation Officer, the chief local elected official shall transmit the report of the commission and his recommendation to the state Historic Preservation Officer. Except as provided in subparagraph (B), after receipt of such report and recommendation, or if no such report and recommendation are received within sixty days, the State shall make the nomination pursuant to section 101(a). The State may expedite such process with the concurrence of the certified local government.

(B) If both the commission and the chief local elected official recommend that a property not be nominated to the National Register, the State Historic Preservation Officer shall take no further action, unless within thirty days of the receipt of such recommendation by the State Historic Preservation Officer an appeal is filed with the State. If such an appeal is filed, the State shall follow the procedures for making a

(3) Any local government certified under this section or which is making efforts to become so certified shall be eligible for funds under the provision of section 103 (c) of this Act, and shall carry out any responsibilities delegated to it in accordance with such terms and conditions as the Secretary deems necessary or advisable.

(4) For the purposes of this section the term-

(A) "designation" means the identification and registration of properties for protection that meet criteria established by the State or the locality for significant historic and prehistoric resources within the jurisdiction of a local government; and

(B) "protection" means a local review process under State or local law for proposed demolition of, changes to, or other action that may affect historic properties designated pursuant to subsection (c).

(d) (1) (A) The Secretary shall establish a program and promulgate regulations to assist Indian tribes in preserving their particular historic properties. The Secretary shall foster communication and cooperation between Indian tribes and State Historic Preservation Officers in the administration of the national historic preservation program to ensure that all types of historic properties and all public interests in such properties are given due consideration, and to encourage coordination among Indian tribes, State Historic Preservation Officers, and Federal agencies in historic preservation planning and in the identification, evaluation, protection, and interpretation of historic properties.

(B) The program under subparagraph (A) shall be developed in such a manner as to ensure that tribal values are taken into account to the extent feasible. The Secretary may waive or modify requirements of this section to conform to the cultural setting of tribal heritage preservation goals and objectives. The tribal programs implemented by specific tribal organizations may vary in scope, as determined by each tribe's chief governing authority.

(C) The Secretary shall consult with Indian tribes, other Federal agencies, State Historic Preservation Officers, and other interested parties and initiate the program under subparagraph (A) by not later than October 1, 1994.

(2) A tribe may assume all or any part of the functions of a State Historic Preservation Officer in accordance with subsections (b)(2) and (b)(3), with respect to tribal lands, as such responsibilities may be modified for tribal programs through regulations issued by the Secretary if-

(A) the tribe's chief governing authority so requests;

(B) the tribe designates a tribal preservation official to administer the tribal historic preservation program, through appointment by the tribe's chief governing authority or as a tribal ordinance may otherwise provide;

(C) the tribal preservation official provides the Secretary with a plan describing how the functions the tribal preservation official proposes to assume will be carried out;

Section 101(d), continued

(D) the Secretary determines, after consultation with the tribe, the appropriate State Historic Preservation Officer, the Council (if the tribe proposes to assume the functions of the State Historic Preservation Officer with respect to review of undertakings under section 106), and other tribes, if any, whose tribal or aboriginal lands may be affected by conduct of the tribal preservation program-

(i) that the tribal preservation program is fully capable of carrying out the functions specified in the plan provided under subparagraph (C);

(ii) that the plan defines the remaining responsibilities of the Secretary and the State Historic Preservation Officer;

(iii) that the plan provides, with respect to properties neither owned by a member of the tribe nor held in trust by the Secretary for the benefit of the tribe, at the request of the owner thereof, the State Historic Preservation Officer, in addition to the tribal preservation official, may exercise the historic preservation responsibilities in accordance with subsections (b)(2) and (b)(3); and

(E) based on satisfaction of the conditions stated in subparagraphs (A), (B), (C), and (D), the Secretary approves the plan.

(3) In consultation with interested Indian tribes, other Native American organizations and affected State Historic Preservation Officers, the Secretary shall establish and implement procedures for carrying out section 103(a) with respect to tribal programs that assume responsibilities under paragraph (2).

(4) At the request of a tribe whose preservation program has been approved to assume functions and responsibilities pursuant to paragraph (2), the Secretary shall enter into contracts or cooperative agreements with such tribe permitting the assumption by the tribe of any part of the responsibilities referred to in subsection (b)(6) on tribal land, if-

(A) the Secretary and the tribe agree on additional financial assistance, if any, to the tribe for the costs of carrying out such authorities;

(B) the Secretary finds that the tribal historic preservation program has been demonstrated to be sufficient to carry out the contract or cooperative agreement and this Act; and

(i) the tribe's traditional cultural authorities;

(ii) representatives of other tribes whose traditional lands are under the jurisdiction of the tribe assuming responsibilities; and

(iii) the interested public.

(5) The Council may enter into an agreement with an Indian tribe to permit undertakings on tribal land to be reviewed under tribal historic preservation regulations in place of review under regulations promulgated by the Council to govern compliance with section 106, if the Council, after consultation with the tribe and appropriate State Historic Preservation Officers, determines that the tribal preservation regulations will afford historic properties consideration equivalent to those afforded by the Council's regulations.

Section 101(d), continued

(i) consult with Native Hawaiian organizations in assessing the cultural significance of any property in determining whether to nominate such property to the National Register;

(ii) consult with Native Hawaiian organizations in developing the cultural component of a preservation program or plan for such property; and

(iii) enter into a memorandum of understanding or agreement with Native Hawaiian organizations for the assessment of the cultural significance of a property in determining whether to nominate such property to the National Register and to carry out the cultural component of such preservation program or plan.

(4) Grants may be made under this subsection for the preservation, stabilization, restoration, or rehabilitation of religious properties listed in the National Register of Historic Places, provided that the purpose of the grant is secular, does not promote religion, and seeks to protect those qualities that are historically significant. Nothing in this paragraph shall be construed to authorize the use of any funds made available under this section for the acquisition of any property referred to in the preceding sentence.

(5) The Secretary shall administer a program of direct grants to Indian tribes and Native Hawaiian organizations for the purpose of carrying out this Act as it pertains to Indian tribes and Native Hawaiian organizations. Matching fund requirements may be modified. Federal funds available to a tribe or Native Hawaiian organization may be used as matching funds for the purposes of the tribe's or organization's conducting its responsibilities pursuant to this section.

(6) (A) As a part of the program of matching grant assistance from the Historic Preservation Fund to States, the Secretary shall administer a program of direct grants to the Federated States of Micronesia, the Republic of the Marshall Islands, the Trust Territory of the Pacific Islands, and upon termination of the Trusteeship Agreement for the Trust Territory of the Pacific Islands, the Republic of Palau (referred to as the Micronesian States) in furtherance of the Compact of Free Association between the United States and the Federated States of Micronesia and the Marshall Islands, approved by the Compact of Free Association Act of 1985 (48 U.S.C. 1681 note), the Trusteeship Agreement for the Trust Territory of the Pacific Islands, and the Compact of Free Association between the United States and Palau, approved by the Joint Resolution entitled 'Joint Resolution to approve the "Compact of Free Association" between the United States and Government of Palau, and for other purposes'

(48 U.S.C. 1681 note). The goal of the program shall be to establish historic and cultural preservation programs that meet the unique needs of each Micronesian State so that at the termination of the compacts the programs shall be firmly established. The Secretary may waive or modify the requirements of this section to conform to the cultural setting of those nations.

(B) The amounts to be made available to the Micronesian States shall be allocated by the Secretary on the basis of needs as determined by the Secretary. Matching funds may be waived or modified.

Section 101, continued

(f) No part of any grant made under this section may be used to compensate any person intervening in any proceeding under this Act.

(g) In consultation with the Advisory Council on Historic Preservation, the Secretary shall promulgate guidelines for Federal agency responsibilities under section 110 of this title.

(2) unless the application is in accordance with the comprehensive statewide historic preservation plan which has been approved by the Secretary after considering its relationship to the comprehensive statewide outdoor recreation plan prepared pursuant to the Land and Water Conservation Fund Act of 1965 (78 Stat. 897);

(3) for more than 60 percent of the aggregate costs of carrying out projects and programs under the administrative control of the State Historic Preservation Officer as specified in section 101(b)(3) in any one fiscal year;

Except as permitted by other law, the State share of the costs referred to in paragraph (3) shall be contributed by non-Federal sources.

Notwithstanding any other provision of law, no grant made pursuant to this Act shall be treated as taxable income for purposes of the Internal Revenue Code of 1986.

(c) No State shall be permitted to utilize the value of real property obtained before the date of approval of this Act in meeting the remaining cost of a project for which a grant is made under this Act.

(d) The Secretary shall make funding available to individual States and the National Trust for Historic Preservation as soon as practicable after execution of a grant agreement. For purposes of administration, grants to individual States and the National Trust each shall be considered to be one grant and shall be administered by the National Park Service as such.

Section 102(d), continued

(e) The total administrative costs, direct and indirect, charged for carrying out State projects and programs may not exceed 25 percent of the aggregate costs except in the case of grants under section 101(e)(6).

Section 103 (16 U.S.C. 470c)

(a) The amounts appropriated and made available for grants to the States for the purposes of this Act shall be apportioned among the States by the Secretary on the basis of needs as determined by him.

(b) The amounts appropriated and made available for grants to the States for projects and programs under this Act for each fiscal year shall be apportioned among the States as the Secretary determines to be appropriate. The Secretary shall notify each State of its apportionment under this subsection within thirty days following the date of enactment of legislation appropriating funds under this Act. Any amount of any apportionment that has not been paid or obligated by the Secretary during the fiscal year in which such notification is given and for two fiscal years thereafter, shall be reapportioned by the Secretary in accordance with this subsection. The Secretary shall analyze and revise as necessary the method of apportionment. Such method and any revision thereof shall be published by the Secretary in the Federal Register.

(c) A minimum of 10 per centum of the annual apportionment distributed by the Secretary to each State for the purposes of carrying out this Act shall be transferred by the State, pursuant to the requirements of this Act, to local governments which are certified under section 101 (c) for historic preservation projects or programs of such local governments. In any year in which the total annual apportionment to the States exceeds \$65,000,000, one half of the excess shall also be transferred by the States to local governments certified pursuant to section 101 (c).

(d) The Secretary shall establish guidelines for the use and distribution of funds under subsection (c) to insure that no local government receives a disproportionate share of the funds available, and may include a maximum or minimum limitation on the amount of funds distributed to any single local government. Such program may include the issuance of annual awards by the president of the United States to any citizen of the United States recommended for such award by the Secretary.
